

# Howdy Neighbor, Howdy

## Porter Wagoner

Howdy neighbor howdy get out and come right in  
We'll make a bowl of gravy to sop your biscuits in  
Boil a pot of coffee and bake a big fat hen  
Cook another country ham to feed a hundred men  
Drive your wagon in the yard and turn your donkey loose  
Kick that old hound out of the way and watch them fightin' goose  
So howdy neighbor howdy come in and sit right down  
Come on and tell us all the news how are things in town  
[ fiddle ]  
We're so glad to see you been a wonderin' how you've been  
Everybody's feelin' fine so let the fun begin  
Get the banjo off the wall and tune it up in A  
Play some good ole country tunes like grandpa used to play  
[ el.banjo ]  
Go and get your fiddle down play the tune that I like so  
Somethin' bout an old man Clark I think his name was Joe  
[ fiddle ]  
Howdy neighbor howdy...
