

Shy Girl

Silent Circle

Dancing by yourself every night,
Waiting for the glimpse of the lights
Nah-nah-nah
Looking into sparkling eyes,
Telling you the sweetest lies
Nah-nah-nah You feel the heat,
Want to be free
Try to escape someone's coming Shy girl (shy, shy girl) (3x)
Shy girl He says I've been watching you,
In my mind I'm feeling blue
Nah-nah-nah
Maybe we all want the same,
Maybe it's the rule of the game
Nah-nah-nah We feel the heat
Like as can meet
We got the right to illusions Shy girl (shy, shy girl)
Shy girl
Shy girl (shy, shy girl) (2x)
