

Shy Girl

Silent Circle

Dancing by yourself every night,
Waiting for the glimpse of the lights

Nah-nah-nah

Looking into sparkling eyes,
Telling you the sweetest lies
Nah-nah-nah

You feel the heat,

Want to be free

Try to escape someone's coming

Shy girl (shy, shy girl) (3x)

Shy girl

He says I've been watching you,

In my mind I'm feeling blue

Nah-nah-nah

Maybe we all want the same,

Maybe it's the rule of the game

Nah-nah-nah

We feel the heat

Like as can meet

We got the right to illusions

Shy girl (shy, shy girl)

Shy girl

Shy girl (shy, shy girl) (2x)
