

# (Fuck It) I Cheated on You

## Leopard Disco

I cheated on you  
I cheated on you  
I cheated on you  
Fuck it, I cheated on you

When I gave you my heart, I trusted you with it  
Now you're crying like a bitch, screaming why why  
You were tearing us apart long before this  
Don't you know I've hit the switch, you know you lie

Fuck it, I cheated on you  
I cheated on you  
Fuck it, I cheated on you  
I ruined your life, your life

It's a good thing in the end though  
'Cause you fell hard and I did too but  
I found some things I never knew  
When you'd tell me that you'd stay true  
I never doubted you  
I even fought for you  
When everyone told me to  
Break up with you.  
I could have listened but  
Instead I fought it through  
The best thing I ever did

I cheated on you  
Fuck it, I cheated on you  
I cheated on you
