## Burning Image

What were you thinking? Why didn't you show?  
Do you need to be reminded?  
Where were you going?  
Why did you go?  
I don't need to be reminded  
Where is your religion?  
Where is your faith?  
Did you leave it far behind?  
Why weren't you worried?  
Why did you go?  
We all know that it's all right Why are you busy? Why didn't you go?  
Do you need to be alone with me?  
Where are you going? Why won't it show?  
You don't know that it's beside me  
Where is your religion?  
Where is your faith?  
Did you leave it far behind?  
Why weren't you worried?  
Why didn't you go?  
We all know that it's all right Don't leave  
Bye  
Stay
