

Gave It All

Luther Allison

You're one woman
You are all I need
I have a lot of fun now
Tryin' to keep you pleased, Lord Just remember I love you, baby
I gave you what you need
Anyway, darlin', I gave it all There's no need
You sittin' around cryin'
Because you know
Cryin' won't, no, ease your mind So what can I do now, baby
Tell me what can I say
Anyway, darlin', I gave it all Never worry
I'm always follow your sign
Oh, it hurts me so bad, yes, it do
Every time I see you cry So don't be a fool, baby
Why can't you realize
Here's a man who love you
And don't you be surprised
