

Love of Hussain

Hashim Sisters

The love of Husayn will never die
Husayn will live forever.
Husayn will live forever.

There was once a man who stood up for truth
Protecting God's message and proof
His faith was unshakable
His love is unbreakable
We will never leave his side
Because he is our guide
This is the way we get through our day
We stand up with strength and Husayn we say

Chorus

Husayn's promise to his grandfather
To save islam would be his honour
And so he set foot towards
Gaining eternal reward
We will never leave his side
Because he is our guide
And till this day Islam stands up proud
Husayn's name was loud in all of the crowd

Chorus

This journey was one like no other
Standing by his side was his mother
At each step he thanked Allah,
And then he reached karbala
We will never leave his side
Because he is our guide
He showed us the art of sacrifice
Stay selfless and pure and to paradise

Chorus(4x)

72 loyal souls by him
They knew they'd be torn from every limb

I give all of you this chance
You can turn away at once
We will never leave his side
Because he is our guide
His companions saw truth in his eyes
Against injustice they stood to guide

Chorus

Each warrior was as brave as can be
Reminding the enemies of Ali
Their strength and their valor
Their faith was their power
We will never leave his side
Because he is our guide
If only we were in Karbala
We too would die for you o master

Chorus

In each of their eyes stood Fatimah
I will bless you all with your Jannah
You gave up your life for him
Iâ€™ll bless you with everything
We will never leave his side
Because he is our guide
For him our eyes shed the tears
And Zahrah herself gives us prayer

Chorus

When we have Husayn, What should we feel
Keep strong in his way and persevere
This world is but wonders
His love is our purpose
We will never leave his side
Because he is our guide
Our heart in which lives, Husayn is so pure
Strength is given and pain is endured

Chorus

Whenever in life youâ€™re faced with something
Bring into your mind the way he was slain
How can we sit and complain
There is no day like Husayn

We will never leave his side
Because he is our guide
Your pain and suffering We will remember
we will protect your mission forever

Chorus
