

It Did

Brad Paisley

A single red rose and a table for two
A nice chardonay and an ocean view
Ships comin' in and stars comin' out
We sat and we talked 'til the place closed down
Then we took a long walk down on the beach
Her in that white dress and her bare feet
We stopped and we watched the lighthouse light
I pulled her close and I held on tight
And I said to myself
It doesn't get better than this
No, it doesn't get better than this
And it did, it did, woah, it did
I fast forward to that next spring
When we we're looking for a preacher, pickin' out rings
Family comin' in and friends comin' out
To that little white church on the outskirts of town
Me in that tux fightin' butterflies
Tears of joy in the mama's eyes
Her daddy walkin' her down the aisle
He lifted that veil and I saw that smile
And I said to myself
It doesn't get better than this
No, it doesn't get better than this
But it did, it did, oh, it did
Just when I start thinkin'
It's as good as it can get
This crazy life does somethin'
Just to let me know I haven't seen anythin' yet
Nine months later nearly to the date
There we were flyin' down the interstate
Car weavin' in and car weavin' out
Through traffic runnin' every red light in town
Delivery room and the doctor comes in
I'm right beside her, she's squeezin' my hand
One more push and a baby cries
Sweet little angel with his mama's eyes
And I said to myself
It doesn't get better than this
No, it doesn't get better than this
But it did, it did, oh, it did, yes, it did
