

# Walking Downtown

Che Sudaka

We were walking downtown yeah  
My favorite part of town  
Walking downtown  
We were walking downtown yeah  
My favorite part of town  
Walking downtown  
Through the night  
We were waiting for a sign  
Maybe rendered in the darkened sky  
Drawn by imaginary lines  
Connecting radiant points of light  
Please don't go  
Cause you showed up with your hair down  
I might not sleep tonight  
We were walking downtown yeah  
My favorite part of town  
Walking downtown  
We were walking downtown yeah  
My favorite part of town  
Walking downtown  
Lift your gaze from the pavement  
From the streets  
That we've crossed a thousand times before  
Dry your eyes  
There are birds singing on lamp posts  
They don't know what all your crying's for  
Please don't go  
And I'm sure that I've not seen  
The Christmas lights this bright before  
We were walking downtown yeah  
My favorite part of town  
Walking downtown  
We were walking downtown yeah  
Walking downtown  
My favorite part of town  
Walking downtown  
We were walking downtown yeah  
Walking downtown  
My favorite part of town

Walking downtown  
We were walking downtown yeah  
Walking downtown yeah  
My favorite part of town  
Walking downtown
