Soak

Gems

When I fell in love
I fell into
A black hole
I'm black and blue
You're part of me
It's scarring rough
But I'm running on empty
Never had enough
See my tears falling down
Hold me under your throne
I'm still afraid, I've been there too
Lonely and truth been away from you
I am your water to soak in
I am your water to soak in
I am your water to soak in
I am your water to soak in
Lost the world go on
It's coming on to me
Nothing left to hold on
It's coming on to me
What we do, hit my heart
And a shine stone I'm torn apart
I'm fighting still but wearing out
Where does it end?
I am your water to soak in
I am your water to soak in
I am your water to soak in
I am your water to soak in
Lost the world go on
It's coming on to me
Nothing left to hold on
It's coming on to me
How do I sleep without you?
How do I dream without?
How do I breathe without you?
How do I say this to you?
I am your water to soak in
I am your water to soak in
I am your water to soak in

I am your water to soak in
