

# Rebellious Love

## Gogol Bordello

Rebellious love  
Is begging door to door  
But finds the silence  
Like no one lives there anymore

Rebellious love  
This day ain't got no place  
And is running out of town  
In shame and covering its face

Love is running back to God  
(Back to God, back to God)  
God is running after man  
(After man, after man)

Men all run to the unknown  
(The unknown, the unknown)  
From unknown, love comes again

Capture, capture  
(Capture, capture, capture, capture)  
Will they ever capture  
One another?  
Will the cowards ever get to capture us?

Rebellious love  
Your destiny's arranged  
Your days are numbered  
And soon you will be caged

But rebellious love  
I'm coming after you  
'Cause without you  
There is nothing for me here to do

Love is running back to God  
(Back to God, back to God)  
God is running after man  
(After man, after man)

Men all run to the unknown  
(The unknown, the unknown)  
From unknown, love comes again

Capture, capture  
(Capture, capture, capture, capture)  
Will they ever capture  
One another?  
Will the cowards ever get to capture us?

Capture, capture  
(Capture, capture, capture, capture)  
Will they ever capture  
One another?  
Will the cowards ever get to capture us?

Wo-yo-yo-yoy  
Wo-yo-yo-yo-yo-yo-yoy  
Will the cowards ever get to capture us?

Wo-yo-yo-yoy  
Wo-yo-yo-yo-yo-yo-yoy  
Will the cowards ever get to capture us?

(Aah, aah, aah, aah, aah, aah, aah, aah, aah)  
Will the cowards ever get to capture us?  
(Aah, aah, aah, aah, aah, aah, aah, aah, aah)  
Capture, capture, will they ever capture?  
Will the cowards ever get to capture us?

Capture, capture  
Capture, capture  
Capture, capture  
Capture, capture
