

Hell of a Girl

Grace

[VERSE 1]

Time to be done with you
Feels good when I wake in the morning
Let the sun come through, oh
I'm not thinking bout you
Feeling good when I look in the mirror
My skies are blue, oh
Slept all night for the first time, in month
I'm finally where I wanna be
And all my dreams are coming true[CHORUS]

So how does it feel to know
You messed up?
You messed up, you messed up
Bet you feel so stupid that
You played with my heart
I don't care to see you
I don't care where you are
I know you didn't think
It comes back around, oh
Karma, Karma, Karma
She's a hell of a girl, oh, oh
You messed up, you messed up
You messed up[VERSE 2]

All of your friends say you
Hang out all hours of the night
Cause you're so alone, oh
But loving me is overdue
Shoulda done it when you had the chance
Now look at you, oh[CHORUS]

So how does it feel to know
You messed up?
You messed up, you messed up
Bet you feel so stupid that
You played with my heart
I don't care to see you
I don't care where you are
I know you didn't think
It comes back around, oh
Karma, Karma, Karma

She's a hell of a girl, oh, oh[BRIDGE]

One day here

Then you're gone

I waited so long

To find love on my own

Left when I needed you

That's how they always do

Well baby, so long[CHORUS]

So how does it feel to know

You messed up?

You messed up, you messed up

Bet you feel so stupid that

You played with my heart

I don't care to see you

I don't care where you are

I know you didn't think

It comes back around, oh

Karma, Karma, Karma

She's a hell of a girl, oh, oh
