It's a Jungle Out There

Santana

No, no, no, no, noI just got to get away, I can't stand it
Children suffer every day
Tell me baby, what's it for
Fighting daily for the turfWere still killing each other
In the name of the Lord
There's a brand new Graffiti
With blood on the wallPeace
Are you that far away?Now can you feel it
Other people's pain
Love can heal it
Gentle as the rainOoh, the United Nation
Drag their feet on the floor
All they do is spend your money
They don't tell you what forPeace
What price we have to pay?
Peace
There's got to be a better wayNo, no, no
Ooh baby
Look at youPeople tell me its useless
To look for a way
I believe that tomorrow
Starts right here todayPeace
Are you that far away?
Peace
There's gotta be a better wayPeace
Are you that far away?
Peace
There's gotta be a better way
AhhNo, no
Peace
Don't say no
Peace
There's gotta be a better way
Ahh ahh ahh ah peace
Peace, no, no, no
