

Carnivorous Swarm

Cannibal Corpse

Advisory - the following lyrics contain explicit language:

Stain the sky, Armageddon
Dormant mass no awakened
Summoned fury devastation
Enormous force annihilates All that breathes shall be engulfed
Within its path, everything dies Ravage the earth, conquer its life
Here to devour
Vicious attack, ferociously savage
Beyond a primal desire Horde of the apocalypse arrives
Bombardment from oblivion, invading legion gorges
Eradicate through infestation
Horde of the apocalypse destroys Strike begins, it is a battle that is one sided
Swarm consumes
Droves assail, congregation with aggressive nature
Swarm of death kills Stain the sky, Armageddon
Dormant mass no awakened
All that breathes shall be engulfed
Within its path everything dies Ravage the earth, conquer its life
Here to devour
Vicious attack, ferociously savage
Beyond a primal desire Horde of the apocalypse arrived
Bombarded from oblivion, invading legion gorged
Eradicated through infesting
Horde of the apocalypse destroyed Strike begins, it was a battle that is one sided
Swarm consumes
Droves assail, congregation with aggressive nature
Swarm of death kills Ravage the earth, conquer its life
Here to devour
Vicious attack, ferociously savage
Beyond a primal desire
