Back It Up

Blue

Back it, back it, back it, back it up
Come a little bit closer to me
(Back it up)
Don't it feel a little nicer to me?
(Back it up)
Ok, back it up
Blue, back it up
Back it up, c'mon
(Back it up)
Talk about temptation baby
(Back it up)
Learn a little rotation on me B L U E
(Just like that)
Feel the baseline, watch how it moves your waistline
Be mine and the next days headline
Back it up, back it up, come on let's slide
No crime, let's shine, ice all down your spine
You be temptin' me, got me questioning
Can I have your cellphone for text messagin'?
B L U E, Simon, Lee, Duncan and Antony
Gotta admit girl, you got to me
Closer to you babe, I gotta be
Making a lot of men enemies, that's right
That's the price I'm willin' to pay
I'll show you the way if you follow me
On the one way road to intimacy
Got what I want now show me
Back it up, don't walk away
(Back it up)
Come a little bit closer to me
(Back it up)
Don't it feel a little nicer tell me?
(Back it up)
'Coz we gonna get hot now maybe
More than a little, caught in the middle
(Back it up)
Talk about temptation baby
(Back it up)
And a little rotation on me

(Just like that)
Now you're talkin' real slick, and you're confident
Way you're drivin' that, better back it in
Said you're talkin' real slick, and you're confident
Way you're drivin' that, better back it in
Got me uptight with your body heat
Makin' me sweat, girl, it's all I need
(All I need)
Feelin' your breath when you talk to me
Up in this spot tonight
Checkin' you out while you movin'
Head to toe while you groovin'
Don't you know what you doin'
Workin' that tonight
(Back it up)
Come a little bit closer to me
(Back it up)
Don't it feel a little nicer tell me?
(Back it up)
'Coz we gonna get hot now maybe
More than a little, caught in the middle
(Back it up)
Talk about temptation baby
(Back it up)
And a little rotation on me
(Just like that)
Step into the club, rub a dub dub
Time to have some fun, someone gladly come
Not into conversation like blah, blah, blah or rah, rah, rah
When you back it up it ha, ha, ha
Look everybody, now I'm a star
I said I just sing, I can't play guitar
Won't you stay I love the way you back it up on me, uh
Just like that
(Back it up)
Come a little bit closer to me
(Back it up)
Don't it feel a little nicer tell me?
(Back it up)
'Coz we gonna get hot now maybe
More than a little, caught in the middle
(Back it up)
Come a little bit closer to me
(Back it up)
Don't it feel a little nicer tell me?

(Back it up)
'Coz we gonna get hot now maybe
More than a little, caught in the middle
Now you're talkin' real slick, and you're confident
Way you're drivin' that, better back it in
Said you're talkin' real slick, and you're confident
Way you're drivin' that, better back it in
(Back it up)
Come a little bit closer to me
(Back it up)
Don't it feel a little nicer tell me?
(Back it up)
'Coz we gonna get hot now maybe
More than a little, caught in the middle
(Back it up)
Talk about temptation baby
(Back it up)
And a little rotation on me
(Just like that)
