

# Signs & Signifiers

## JD McPherson

I?ve got signs and signifiers  
Gossipers and liars  
Twist me every way they wanna go  
What looks like a raging fire  
Are your dreams and desires  
Endin? up like ashes on the ground  
If you?ll consider me a chance  
To falter through our dance  
Then the other ones may just leave us alone

Oooooooooo (x6)

I made a really sacred vow  
To never ever do without  
And be with you  
Until our time is runnin? out

I?ve got signs and signifiers  
Gossipers and liars  
Givin? up and finally letting go  
What looks like a raging fire  
Is my unquenchable desire  
To be with you until forever more  
If you?ll consider me a chance  
To falter through our dance  
Then the other ones may just leave us alone

Oooooooooo (x6)
