

Meet Me At Midnight

King Diamond

Yesterday as I finished the last of the seven graves
I went to call McKenzie
I woke him up in the middle of the night
You should have heard me, surprise Oh, revenge is sweet Up and awake, McKenzie knew that I was still alive
And I have to tell you
He is the Mayor of this God forsaken town
He's Lucy's father, the man that brought me down He is such a sick little man
He's so much sicker than me and I am Meet me at midnight by the cemetery gates
Meet me at midnight or your Lucy will be dead Revenge is sweet
Revenge is sweet, I know that you agree Call me sick in the head but I would never lie to you
I worked for the man
Mayor McKenzie is an old perverted swine
I caught him one night, molesting his own little child Who do you think they all believed? He is such a sick little
man
He's so much sicker than me and I am Meet me at midnight by the cemetery gates
Meet me at midnight or your Lucy will be dead McKenzie did you hear me?
No Lucy, she is fine
She's sleeping in her coffin
Can't wait to meet your face again He is such a sick little man
He's so much sicker than me and I am Meet me at midnight by the cemetery gates
Meet me at midnight or your Lucy will be dead
