With You In Mind

Marianne Faithfull

I'll take a walk all by myself
So I can think of nothing else
But loving you when we find timeThese are the things
I'll do with you in mindI'll pick a rose and feel the thorn
Every day that you are gone
A new memory to relive I'll findThese are the things
I'll do with you in mindThere'll come a day when I can live
To go and bring you back to me
We'll dance and sing and toast someoneThere are the things
I'll do with you in mind
There are the things
I'll do with you in mind
