

# It`s My Turn

## Angelic

Why start to worry  
About the hands of fate  
When right before your eyes  
It becomes to late

I've learnt to ignore them  
When they bring me down  
I'm warned that vicious people  
Fool around

It's my turn  
It's my turn  
It's my turn  
It's my turn (It's my turn)
