Guardians Of The Tomb

Saxon

Two thousand years in time
The first of his kind
He dreams and plans of immortalityA dynasty of jade
An empire he has made
All the land beneath the setting sunYou wake once more to rise again
Guardians of the tomb
You live once more to fight again
Guardians of the tomb
Guardians of the tomb
His tomb will lay beneath the ground
Forces will be gathered 'round
To fight his battles far beyond the graveA mighty army made of clay
Sleeps in death to rise again
Hidden just below the ancient soilYou wake once more to rise again
Guardians of the tomb
You live once more to fight again
Guardians of the tomb
Guardians of the tombThrough the years, the memories fade
Forgotten now inside his grave
The first in line, an empire lost in timeUntil a farmer breaks the seal
The terracotta tomb revealed
To rise again for all the world to see
You wake once more to rise again
Guardians of the tomb
You live once more to fight again
Guardians of the tomb
Guardians of the tomb
