**Jean B. Gerbier**

## Guiding light

Here is the story of the light, shining in the path of  
my life, making love possible and brings brighter days.  
If you know about this common dream, it aspires, sing  
this song with song with me.

## Chorus

Guiding light, we applause your relentless drive  
Guiding light, to pursue excellence  
Guiding light, that bless me to achieve loving kindness
