

# Captive Honour

## Megadeth

Madness comes, madness goes  
An insane place with insane moves  
Battles without for battles within  
Where evil lives and evil rules Breakin' them up just breakin' them in  
Quickest way out, quickest relief wins  
Never disclose, never betray  
Cease to speak or cease to breathe  
And when you kill a man you're a murderer  
Kill many and you're a conqueror  
Kill them all, ooh oh you're a God {Ladies and gentlemen of the jury  
Have you reached a verdict?  
Yes, we have Your Honor, we find the defendant guilty  
On all counts for crimes against all humanity  
By virtue of the jury's decision and the power  
Vested in me by the state I hereby sentence you to be  
Incarcerated with no possibility of parole for life Life? Whadda ya mean life?  
I ain't got a life  
Boy! Your soul better belong to Jesus  
Hmm mm 'cause your ass belongs to me } Captive honor, ain't no honor  
Captive honor, ain't no honor No time for questions, no time for games  
Start kickin' ass and takin' down the names  
A long shit list, a shorter fuse  
He is untouchable and guarantees you'll lose Captive honor, ain't no honor  
Captive honor, ain't no honor Inside the big house his nightmare unfolds  
Before he got there his man pussy was sold  
Black blanket welcome, this tough guy's now a bitch  
Prayin' for death, it can't be worse than this Captive honor, ain't no honor  
Captive honor, ain't no honor Captive honor, ain't no honor  
Captive honor, ain't no honor
