Virus

Oliver Klein

like a virus needs a body
as soft tissue feeds on blood
someday i'll find you ? the urge is here
ooo-ooo-ooo-oooh
like a mushroom on a tree trunk
as the protein transmutates
i knock on your skin ? and i am in
ooo-ooo-ooo-oooh
the perfect match ? you and me
i adapt ? contagious
you open up ? say welcome
like a flame that seeks explosives

as gun powder needs a war
i feast inside you ? my host is you
ooo-ooo-ooo-oooh
the perfect match ? you and i
you fail to resist
my crystalline charm
like a virus ? patient hunter
i'm waiting for you ? i'm starving for you
ooo-ooo-ooo-oooh
my sweet adversary
my sweet adversary
my sweet adversary
