

# Virus

## Oliver Klein

like a virus needs a body  
as soft tissue feeds on blood  
someday i'll find you ? the urge is here  
      ooo-ooo-ooo-ooooh  
like a mushroom on a tree trunk  
      as the protein transmutates  
i knock on your skin ? and i am in  
      ooo-ooo-ooo-ooooh  
the perfect match ? you and me  
      i adapt ? contagious  
you open up ? say welcome  
like a flame that seeks explosives

      as gun powder needs a war  
i feast inside you ? my host is you  
      ooo-ooo-ooo-ooooh  
the perfect match ? you and i  
      you fail to resist  
      my crystalline charm  
like a virus ? patient hunter  
i'm waiting for you ? i'm starving for you  
      ooo-ooo-ooo-ooooh  
      my sweet adversary  
      my sweet adversary  
      my sweet adversary
