# Double Life

## Hadise

I donâ€™t wanna live a life, but i gotta be with you..

Give me a moment,to realize it.
Laying beside you, seem so unreal.
Still canâ€™t believe it, iâ€™ve try to find it.
I was afraid to, feel what i fear.

In this cold, called life.
I need a torch, a guide in line.
And youâ€™re that guy, you are the one.
Could you be mine, mine for all times
Would you be mine? mine for all times.

2*
I would live a double life, just to be with you.
Earing, fearing,earing right,itâ€™s what i have gotta do.
I would live a double life, secret and taboo.
I donâ€™t wanna live a life, but i gotta be with you..

In this cold, called life.
I need a torch, a guide in line.
And youâ€™re that guy, you are the one.
Could you be mine, mine for all times
Would you be mine? mine for all times.

4*
I would live a double life, just to be with you.
Earing, fearing,earing right,itâ€™s what i have gotta do.
I would live a double life, secret and taboo.
I donâ€™t wanna live a life, but i gotta be with you..
