Introducing ATL

I'm the one you done heard all the rumors about You vibrate like my cellie how you movin' around In that new gear fresh off the Lesiango runway Let's go to St. Bart's Sunday to Sunday Your nails done and them braids all twisted If you got a flaw, I guess I just missed it I'm not easy to reach, my digits unlisted Come closer but don't stain with your lipstick Been around the world, seen so many girls But none have moved me quite the way she does And I've done some things with some ghetto queens It was just for fun but now I think I'm in love I can't stop thinking 'bout her, she's everywhere that I go Does she know I just can't live without her, whoa She, she's taking over me, I can't control How she turns me on so much without a single touch Shorty your the one, your the only girl I need Only one I want, only girl that's meant for me Got me open, baby girl let me know if you wanna go You're a winner so you gotta be choosy 'Cause you can't love everybody I live my life like a movie Act like you know somebody Gonna give you what you need babe Already told you you're the star of the TV There's nothing else you need to know So come on get on board You're the one I'm diggin' and I guess I'm hoping That you're catching the same feelings, let me know 'Cause you're my favorite girl in the whole wide world Yeah you're so fine, I gotta make you mine Shorty your the one, your the only girl I need Only one I want, only girl that's meant for me Got me open, baby girl let me know if you wanna go Let me say it again You're the one I'm diggin' and I guess I'm hoping That you're catching the same feelings, let me know 'Cause you're my favorite girl in the whole wide world
