

Life in the Sea

Teen Daze

Underneath, in the sea
I can see you swimming to me
The water moves, the colors change
The clarity dissolves in the rain
She can feel it cover, cover Life in the sea, life
Life in the sea, life
Life in the sea, life
Life in the sea, life Underneath, inside a dream
The water's flowing soft from our hands to our feet
And the life beneath is calling me
So we dive deeper into those floating [?]
We can feel it cover, cover
Life in the sea, life
Life in the sea, life
Life in the sea, life
Life in the sea, life
