# Bleeding Heart

## Burning Jet Black

Girl you say you want me
Girl you say you need me
But you only want me for your soul
And bleeding heartBut if you say its over
Youll make it much too easy
And, oh my god, Ill want you for myself
And nobody elseIts like your bleeding heart
Is spilling on the floor
Crawling in the dark
Its coming back for more
With all its faith in meGirl you say you need me
Its like a contradiction
Cause even when I cheat you sell me on
Your bleeding heartBut if you say its over
Ill grovel for forgiveness
And, oh my god, Ill want you for myself
And nobody elseIts like your bleeding heart
Is spilling on the floor
Crawling in the dark
Its coming back for more
With all its faith in meGirl you say you want me
Girl you say you need me
And youre gonna try to save my soul
But I wont changeIts like your bleeding heart
Is spilling on the floor
Crawling in the dark
Its coming back for more
Youre coming back for more
Youre coming back for more
With all your faith in me
