

Light Up Ahead (Acoustic)

Further Seems Forever

Take this heart of darkness
I give it all
And in all the emptiness
I refill it all The times that I feel nothing
You bring enough
So I can live for something
You lift me up And all these bad dreams
I wake up to the light
And when I can't see
I wake up to your eyes Wake me up
There's a light up ahead
There's a light up ahead
There's a light up ahead (wake me up)
There's a light up ahead (wake me up) Get so complicated
You live enough
Turn into what you hated
We're breaking off The times I feel like nothing
You bring enough
So I can live for something
You lift me up And all these bad dreams
I wake up to the light
And when I can't see
I wake up to your eyes Wake me up
There's a light up ahead
There's a light up ahead
There's a light up ahead (wake me up)
There's a light up ahead (wake me up)
