# Plastic Planet

## g//z/r

Freedom of suppression
Sadi-catechism
Suicidal tekno void
Plastic planet prisonWhere is no god
All is permitted
Articulated
Madmen
Never are committed
Plastic planet hanging
Melting in the sun
Misdirected energy
Divided by our skinDegeneration nation
Drowning in their crime
Looking for tomorrow
Wasting their time
Plastic planet hanging
Melting in the sun
Misdirected energy
Divided by our skin
