

# I Want To Be Seduced

## Rob Rio & The Revolvers

I want to be seduced...

I want to a woman to take me out to dinner for two.

I want to see her eyes gettin' moony,  
flirtin' with the thought of what flirtin' ought to do.

I like to be real cool.

Let her to think about gettin' into me and then,  
there's a chat about a Magna Carta, Puerto Vallarta,  
somethin' GanDhi said.

Imagine her, her light knee, or despite me,  
if tried to fondle my knee!

But I'm relatively certain I'd compromise if I known me.

I want to be seduced...

I want a woman to talk to me suggestively.  
Sayin' she will be with me in the tomorrow morning,  
sippin' hot jasmine tea.

I want her to make me laugh!  
Make a point of touchin' me when she talks.

Leavin' all the jealous men behind,  
to mumble in their beer and gawk.

But I know it only happens  
when I'm nappin', moddin' in a reverie.

And I find myself a woman that wouldn't mind seduce me.

...

I want to be seduced...

I want a woman to talk to me suggestively.  
Sayin' she will be with me in the tomorrow morning,  
sippin' hot jasmine tea.

I want her to make me laugh!  
Make a point of touchin' me when she talks.  
Leavin' all the jealous men behind,  
to mumble in their beer and gawk.

But I know it only happens  
when I'm nappin', moddin' in a reverie.  
And I find myself a woman that wouldn't mind seduce me.
