## Matadors

It's not enough, it's not enough, it never was or will be  
I never had a chance to thank you for ripping out my heart  
It's not enough, it's not enough, it never was or will be  
I never got the chance to say fuck you  
I don't want to be your tourniquet for minor lacerations  
Don't wanna be your Romeo 'cause you're no goddamn Juliet  
You always did know just what to say  
Insult to injury, you just love to hate me  
It's not enough, it's not enough, it never was or will be  
I never had a chance to thank you for ripping out my heart  
It's not enough, it's not enough, it never was or will be  
I never got the chance to say fuck you  
You've got a gun, I've got a gun, let's write a tragic ending  
Don't wanna be this way again, don't wanna be the one to blame  
You can have the high roads, I'll take the roads  
Disguise the frailty, I just love to hate you  
It's not enough, it's not enough, it never was or will be  
I never had a chance to thank you for ripping out my heart  
It's not enough, it's not enough, it never was or will be  
I never got the chance to say fuck you  
It's not enough, it's not enough, it never was or will be  
I never had a chance to thank you for ripping out my heart  
It's not enough, it's not enough, it never was or will be  
I never got the chance to say fuck you
