Lose Control

Joel Beazer & The Fast Lane

Stop That work today
Forget your troubles
come out and play
come out and play

You're locked in that prison
Come on find your rhythm
Come out and play
Come out and play

You gotta loose gun!
you gotta lose control

Stop that work today
Free up your mind
Free up your soul
Free up your soul
You're locked in that prison
Come on find your rhythm
Come out and play
Come out and play

You gotta loose gun!
you gotta lose control
