SayWeCanFly

And your heart is meant to stay inside your chest until it breaks
And when it does, oh on that day, I will not run
But I will stay
But I will stay'Cause I will be your moon when you're too close to the sun
I will be your wolf and stand beside you as you run
And when it gets too cold you and I will build home
Made of simple sticks and stones
And your fur will keep me warm
And my fur will keep you warm
And your fur will keep me warm
And my fur will keep you warmAnd your song is meant to be up in the sky where all the angels sing
And when it's time for us to leave
We will shine bright,
For all the world to see
For all the world to see'Cause I will be your moon when you're too close to the sun
I will be your wolf and stand beside you as you run
And when it gets too cold you and I will build home
Made of simple sticks and stones
And your fur will keep me warm
And my fur will keep you warm
And your fur will keep me warm
And my fur will keep you warm
