Zero Zero

Gerard Way

I got an offhand way
Of getting information
I gotta walk away
Jetlag is suffocationCall me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, you are zero-oh-oh-oh-oh-oh-ohAnother cloudy day,
another observation
They keep my DNA
Down by the record stationCall me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, you are zero-oh-oh-oh-oh-oh-oh
Come onYou'll be coming around,
And you`ll be of your station
Oh-oh-oh
And you'll be hanging around, until you go and make up
man give me social disease, it give me teenage razors
man give me social disease, it give me higher phasersI got an offhand way
give me some information
She gotta and walk away
Jetlag is suffocationCall me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, you are zeroCall me zero, zero, zero
Call me zero, I am zero
Call me zero, zero, zero
Call me zero, I am zero-oh
