

# Zero Zero

## Gerard Way

I got an offhand way  
Of getting information  
I gotta walk away  
Jetlag is suffocation Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero-oh-oh-oh-oh-oh-oh Another cloudy day,  
another observation  
They keep my DNA  
Down by the record station Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero-oh-oh-oh-oh-oh-oh  
Come on You'll be coming around,  
And you'll be of your station  
Oh-oh-oh  
And you'll be hanging around, until you go and make up  
man give me social disease, it give me teenage razors  
man give me social disease, it give me higher phasers I got an offhand way  
give me some information  
She gotta and walk away  
Jetlag is suffocation Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero Call me zero, zero, zero  
Call me zero, I am zero  
Call me zero, zero, zero  
Call me zero, I am zero-oh
