

Only Me (feat. VCS)

Elizabeth Rose

Do you remember?
Mmm
How we shared
Our little secrets
Caught in the rip again
But its all assorted now
Was it all for you?
What's it worth to you?
I could go on and on and on
I could go on and on I swear
Make your desire
Only Me
What a game to play
Though I am not the enemy
We're on the same page
But i wanna read the book you lore me in
That you got me pinned
You got me caught up at the thought of everything I did
It's not all for you
Girl, I can't help but feel that
I could go on and on and on
I could go on and on I swear
Make your desire
Only Me
(yeah)
Only Me
(yeah)
I can't take it, I swear
Can you take it from me?
It's gonna hurt a bit
It's gonna hurt a bit
I can't take it, I swear
Can you take it from me?
It's gonna hurt a bit
It's gonna hurt a bit
Hey
Yeah, Yeah
I could go on and on and on
I could go on and on I swear

Make your desire
Only Me
(Yeah)
I could go on and on and on
I could go on and on I swear
Make your desire
Only Me
(Yeah)
