

# Figure 8

## Outasight

Figure 8  
(no, no)  
(no, no)  
Figure 8

Caught the train on the later side  
Looking for a place with a little bit of life  
Been a tough week can't deny,  
That I thought about stoppin' more than once or twice

Oh No, some more advice  
Keep your head up while you're pushed to the side and  
Maybe with a bit, bit, bit more luck  
You can get picked up from wherever you like

(I Know, I Know)  
It's not enough  
(You Know, You Know)  
It's hard enough to get a chance around these parts,  
(Around these parts)

(I Know, I Know)  
It's not enough  
(You Know, You Know)  
It's far enough that you can't get there on your own anymore

(Oh)  
Lately I've been trying my best  
But maybe it aint good enough  
(Good Enough)

Running in circles I guess  
(I Guess)  
Round and Round It never stops  
It Never Stops  
(No)  
It Never Stops  
(No)  
It Never Stops Just Like A Figure 8

It Never Stops  
(No)  
It Never Stops  
(No)  
It Never Stops Just Like A Figure 8

Hailed a cab on the early side  
Looking for a train that will get uptown, UH  
Think I wanna see home  
Don't pick up the phone can't hear a sound

Search your whole lives up and down  
For what can't be found  
Instead of appreciating what we have around  
What we have now gets tossed to the ground

(I Know, I Know)  
It's not enough  
(You Know, You Know)  
It's hard enough to get a chance around these parts,  
(Around these parts)

(I Know, I Know)  
It's not enough  
(You Know, You Know)  
It's far enough that you can't get there on your own anymore

(Oh)  
Lately I've been trying my best  
But maybe it aint good enough  
(Good Enough)

Running in circles I guess  
(I Guess)  
Round and Round It never stops  
It Never Stops  
(No)  
It Never Stops  
(No)  
It Never Stops Just Like A Figure 8

It Never Stops  
(No)  
It Never Stops  
(No)

It Never Stops Just Like A Figure 8

(No)  
Noooooooo  
(No)  
Noooooooo  
(No)  
Noooooooo

Just Like a Figure 8!

(Oh)  
Lately I've been trying my best  
But maybe it aint good enough  
(Good Enough)

Running in circles I guess  
(I Guess)  
Round and Round It never stops  
It Never Stops  
(No)  
It Never Stops  
(No)  
It Never Stops Just Like A Figure 8

It Never Stops  
(No)  
It Never Stops  
(No)  
It Never Stops Just Like A Figure 8

It never stops  
It never stops  
It never stops  
Just Like A Figure 8

It never stops  
It never stops  
It never stops  
Just Like A Figure 8
