Ten 4

Trey Songz

Soon as I step up in the spot they be lookin for me
So all the ladies in the spot holla ten 4 if you lookin for me
Big booty booty booty girl ur coochie probably wet as a jacuzzi
I just wanna jump up in it.... SPLASH
Do me Do me Do me girl we bout to make a movie
Have me bustin like a (oozy?) make the groupies mad
You so bad you should have a wax figure
I just wanna touch chop it up call me ask trigga
White mans world so them him I'm just a black nigga til dey see
Cars black now dey all on my sack
She diggin how I'm livin and she want see more I'm like
That's a Ten 4 baby thats a Ten 4
She strollin through the club trynna find me and the crew
I'm like thats a Ten 4 baby thats a Ten 4
What you trynna do to me aint nobody cool as me
thats a Ten 4 baby thats a Ten 4
Baby wanna picture but we bout to make a movie
thats a Ten 4 baby thats a Ten 4
Ten 4 x3 Here we go I want all the pretty girls around me
If they gettin low gettin low gettin low gettin low
I'm diggin what they showin baby copy
Only if you really want have a good time need a beautiful body
and she give that good mind tell me where to find it no matter what the time is
and I'm gon' give it to her real slow Ten 4 Ten 4
I'm super cold nothing to do wit diamonds
But ain't nobody hotter I promise I change the climate
Ain't nobody can't nobody do it like I does if they done it
I done did it bitch I run it just because

From the front to the back like a punt to the back we kick it then she be comin back
I'm behind her shes bending over so I caught her back
We locked eyes at the bar I lost track of the time but kept on the automar?
Ten 4 Ten 4
She diggin how I'm livin and she want see more I'm like
That's a Ten 4 baby thats a Ten 4
She strollin through the club trynna find me and the crew
I'm like thats a Ten 4 baby thats a Ten 4
What you trynna do to me aint nobody cool as me
thats a Ten 4 baby thats a Ten 4

Baby wanna picture but we bout to make a movie
thats a Ten 4 baby thats a Ten 4
Love is in yea eyes
My heart is on your mind
You want to lose control
You know I'm tryin to find out what dat dutty wind bout
The liquor and wine out we should get some more seperate the Tens and 4s
You you and you come this way and babe you to should probly go
Like I'm one of the best I guess thats just the way I probly flow
Like a line to blow better yet a pound to blow dope and eventually everyone is bound to know
I got that lights out brights so astounding flow at my eulogy it probly read he was drowned in dough
The flow crazy you can ask the tempo that's a Ten 4 baby that's a Ten 4
She diggin how I'm livin and she want see more I'm like
That's a Ten 4 baby thats a Ten 4
She strollin through the club trynna find me and the crew
I'm like thats a Ten 4 baby thats a Ten 4
What you trynna do to me aint nobody cool as me
thats a Ten 4 baby thats a Ten 4
Baby wanna picture but we bout to make a movie
thats a Ten 4 baby thats a Ten 4
