Nobody

Tom Waits

Nobody, nobody will ever love you
The way I could love you
'Cause nobody, nobody is that strong
Love's bitter sweet and life's treasures deep
No one can keep a love that's gone wrong
Nobody, nobody will love you
The way that I could love you
'Cause nobody, nobody's that strong
'Cause nobody's that strong

Nobody, nobody will ever love you
The way I could love you
'Cause nobody, nobody is that strong
You've had many lovers, you'll have many others
But they'll only just break your poor heart in two
Nobody, nobody will love you
The way that I could love you
'Cause nobody, nobody's that strong
'Cause nobody is that strong
