I used to think I would never find one
Who would know how to love me
Boy, this is something
To hear your voice mail, it make me wanna call and replay
The way you talk, yeah
Boy you're speaking my language
I hear you saying....
Love will be right here
(I hear you saying)
I will dry your tears
Ready for a wifey and kids
I hear you say you never had nothing like this...
Oooooohhhhh.....
Baby, if you ask me for my love
(Yeah, yeah)
Then I would gladly give me up
(Oooh, baby, I'll...)
Co-sign, co-sign, co-sign
(For your loving, I'll...)
Co-sign, co-sign
Baby, I'm ready
When I'm with you, there is no place I'd rather be
Boy, this is not me (boy this is not me)
Don't stop what you're doing, yeah
When you come around, I don't know how to behave
I get so open (so open)
From all the words you've spoken
I hear you saying....
Love will be right here

(I hear you saying)
I will dry your tears
Ready for a wifey and kids
I hear you say you never had nothing like this...
Oooooohhhhh.....
Baby, if you ask me for my love
(Then I...)
Then I would gladly give me up
(Oooh, baby, I'll...)

Co-sign, co-sign, co-sign
(For your loving, I'll...)
Co-sign, co-sign
Baby, I'm ready
Baby, baby I'm ready
I'll sign your name across my heart
Oh, what I'll do to make it official, boy
And I don't care how long it takes, 'cause I know that
Love will be right here
(Everyday...)
I will dry your tears
Ready for a wifey and kids
I hear you say you never had nothing like this...
Baby, if you ask me for my love
Then I would gladly give me up
(Oooh, baby, I'll...)
Co-sign, co-sign, co-sign
(For your loving, I'll...)
Co-sign, co-sign
Baby, I'm ready
