She's My Baby

Mazzy Star

She's my baby, she belongs to me But yesterday she walked home all alone Everybody else, looks at my baby Then they wandered over to meBut baby's feelin' bad today She said she's thinking of goin' away Oh, baby I'm cryin', and my body's flyin' But I remember youShe's my baby, ain't that something But I know she belongs to you Yesterday was another day, when I Saw your baby, walkin' home aloneI'm feelin' sorry I called you but I I guess that I forgot your name Baby's feelin' bad todayShe said she's thinkin' of goin' away But she's just like lightning She goes right through you Then you know you'll neverBe the same Now everybody looks All around the corner Just to see your baby Walkin' home She's my baby, ain't that something But I know that she belongs to you She belongs to you
