

Speed Queen

Nemhain

Hot wired, like a stolen car,
Take me, for a joyride baby
You go, fast and we'll go far
Got some, time to kill now baby
Take me, for a quick test drive
Got some, time to kill
I can, make you come alive
Before I, make you ill
Amphetamines are in my dreams, don't need no sleep for this machine
all I need is love and speed, Speed queen baby, Speed queen baby
Hedonist, until i die
Drive me, off the edge now baby
Love is, like a knife inside
Go down, where it's hot now baby
Speed queen, until i die
Never, to return
Bleeding, as you come inside
Crashing, as we burn
Amphetamines are in my dreams, don't need no sleep for this machine
all I need is love and speed, speed queen baby, speed queen baby...
