Change

Corey Finesse

I've been waiting on the change
I've been waiting on the change girl
I've been waiting on a change
Ive been waiting on a change girl
I've been waiting on a change

I've been waiting on a change but nobody wanna sing for me
I stack my money up and pray cause I know every days on me
They praying on my downfall
So lil mama is you down for me
If you are then come around
Because I'm about to lose my mind I don't where it's gonna be
Girl that's how I'm coming
He did what they wanted
They hating on me girl and I love it
If you don't down for me just keep it a hunned
I'm in love with the money
But we could fall in love if we wanted it

So be like non the bitches who be fronting
And all them niggas that was fake I can't fuck with

If it was up to them they would've left me starving
Why the fuck they mad like I ain't work the hardest
Look where I started
