

Love Is the Drug

Roni Griffith

Your love is the drug, your love is my drug
Your love is the drug, your love is my drug
(Addicted) I've got a habit for you
My love's strong, I'm addicted, it's true
(Addicted) I've got a love just in sight
Only you and your love make me high
Whatever you say, whatever you do
I'm addicted to your love, it's true
(Addicted) This isn't a love abuse
Your love gets me through

Oh, your love is the drug that I'm in need of
Oh, your love is the drug that I'm in need of

No doctor, no nurse can make me feel
The way you do 'cause your love is so real
So when I'm down I'm feeling blue
Only your love drug can make me come through
Oh, your love is the drug that I'm in need of
I said oh, your love is the drug that I'm in need of
Oh, your love is the drug that I'm in need of

Doodoowop, doodoowop
Doodoowop, doodoowop

There's no magic potion, just your love devotion
'Cause you are the medicine to make me win
There's no compromise for that greatness you hide
And there's no reason why I should try

Oh, your love is the drug that I'm in need of
Oh, your love is the drug that I'm in need of
Oh, your love is the drug
I said oh, your love is the drug

Oh, your love is the drug that I'm in need of

Oh, your love is the drug that I'm in need of
Oh, your love is the drug that I'm in need of
Oh, your love is the drug

I said oh, your love is the drug
Oh, your love is the drug that I'm in need of

Doodoowop, doodoowop
Doodoowop, doodoowop

Oh, your love is the drug that I'm in need of
Oh, your love is the drug that I'm in need of

Oh, your love is the drug
I said oh, your love is the drug
Oh, your love is the drug that I'm in need of
