

99 Tears

Sky Ferreira

I gave you all of my body
My heart, my soul and my money
I figured that you might be
My one and only Rumors of cheating and lying
Leaving me begging and crying
Thirty two days, not a word to say Don't you know that
I think I've had enough now
Karma, karma
It will pay you back Don't you think that
You'll be missing me
If I go where will I go Turn around
It's my turn to let you down
I love it when you
Cry baby, cry baby, cry Turn around
It's my turn to let you down
You can drown in 99 tears Cry baby, cry baby, cry
Cry baby, cry baby, cry
(You're such a) Cry baby, cry baby, cry
Cry baby, cry baby, cry
(You're such a) Cry baby, cry baby, cry
Cry baby, cry baby, cry
You can drown in 99 tears Everyday you kept me waiting
While you were only betraying
Hoping that I never learn
The games you were playing Now you wanna call me
(Call me)
Only 'cause you're very lonely
Baby, look who's crying now
You're the joke Don't you know that
I think I've had enough now
Karma, karma
It will pay you back Don't you think that
You'll be missing me
If I go where will I go Turn around
It's my turn to let you down
I love it when you
Cry baby, cry baby, cry Turn around
It's my turn to let you down
You can drown in 99 tears Cry baby, cry baby, cry

Cry baby, cry baby, cry
(You're such a)Cry baby, cry baby, cry
Cry baby, cry baby, cry
(You're such a)Cry baby, cry baby, cry
Cry baby, cry baby, cry
You can drown in 99 tearsCry baby, cry baby, cry
Cry baby, cry baby, cry
Cry baby, cry baby, cry
Cry baby, cry baby, cryYou all know
How it feels to be me
When your heart's on the floor
And your dreams are all goneTurn around
It's my turn to let you down
I love it when you
Cry baby, cry baby, cryTurn around
It's my turn to let you down
You can drown in 99 tearsCry baby, cry baby, cry
Cry baby, cry baby, cry
(You're such a)Cry baby, cry baby, cry
Cry baby, cry baby, cry
(You're such a)Cry baby, cry baby, cry
Cry baby, cry baby, cry
You can drown in 99 tears
