

# Outlaws

## Disciple

Do you live  
Do you think like they told ya  
Round your neck can you breathe  
When they hold ya  
Doin what they say  
A puppet on a string  
If you do just what they want  
Theyll promise you just about anything Can you believe  
Do you dream you can be free  
Take your hands off your eyes  
So that you see  
Youre more than just a face  
Youre more than just a name  
Youre more than labels  
That the hypocrites around you gave To all the outlaws  
All the outcasts  
If you wanna breathe  
Come on and fly with me  
To all the knocked down  
All the burned out  
You wanna be free  
Come on and fly with me To all the outlaws  
All the outcasts  
If you wanna breathe  
Come on and fly with me  
To all the knocked down  
All the burned out  
You wanna be free  
Come on and fly with me Do you burn  
Do you bleed when they touch ya  
Do you scream in your sleep  
While they cut ya  
More than just pretty scars  
Thats what they wanna leave  
Sit in a tattoo chair  
Theyll leave the Markings of a Beast Do you believe  
Do you dream you can be free  
Take your hands off your eyes  
So that you see

You're meant to rise above  
    Yeah, you were made to fly  
    You were made to sing and dance  
Where angels never die To all the outlaws  
    All the outcasts  
    If you wanna breathe  
    Come on and fly with me  
    To all the knocked down  
    All the burned out  
    You wanna be free  
Come on and fly with me To all the outlaws  
    All the outcasts  
    If you wanna breathe  
    Come on and fly with me  
    To all the knocked down  
    All the burned out  
    You wanna be free  
Come on and fly with me Say so long  
    To whatever you once were  
    Say so long  
    To everything that you once knew  
    Were more than faces  
    Were more than just names  
    Were more than labels  
    That hypocrites gave  
    Were the affection of the unseen  
We are the sons and daughters of the King To all the outlaws  
    All the outcasts  
    You wanna be free  
Come on and fly with me To all the outlaws  
    All the outcasts  
    If you wanna breathe  
    Come on and fly with me  
    To all the knocked down  
    All the burned out  
    You wanna be free  
Come on and fly with me To all the outlaws  
    All the outcasts  
    If you wanna breathe  
    Come on and fly with me  
    To all the knocked down  
    All the burned out  
    You wanna be free  
Come on and fly with me Are you ready to fly?
