No More Shows

Starflyer 59

When there's no heart
Yeah, I wanna live again
Can't delay it no, no more
No, you've got no heartI try to sleep but I think a lot
I'm driving streets that just never stop
When you know there's gonna be
When you know there's gonna be no more showsNo moreWhen there's no goals
Yeah, I wanna live again
Can't delay it no, no more
No, you've got no soulI try to sleep but I think a lot
I'm driving streets that just never stop
When you know there's gonna be
When you know there's gonna be no more showsNo more
No moreI try to sleep but I think a lot
I'm driving streets that just never stop
When you know there's gonna be
When you know there's gonna be no more showsNo more
