

Gamma Ray

Aimee Mann

You build bombs, youre familiar with explosions
the flat palms of the holiday
but theres slime crawling back up from the ocean
you cant keep everyone at bay

Gamma Ray

Gamma RayIt all starts with an accident or failure
it all starts with a great big bang
and guess who's gonna have to play the jailer?
and guess whos gonna lead the chain gang?

Gamma Ray

Gamma Rayand one thing leads to another and none of it's good
none of it's good,
none of it's goodTheres some flaw that you cannot help but foster
theres some weakness you cant forgive
and from that, youve been turned into a monster
a nightmare that you force yourself to live

Gamma Ray

Gamma RayAnd one thing leads to another and none of its good
none of its good
none of its good
