Carefree

The Refreshments

Don't mean no harm
No cause for alarm
My hands are tied behind me
It's well knownThe way you've grown
So come sit down beside me
If I told you once
I told you onceAnd once is all that you needed
Just let me hear
What you got to hear
Well I can take care of everythingAnd I can pick for you
The songs that you sing
And the sights that you see
Now don't mind meI'm carefree
Calm down she said
Lie back your head
Your voice is sounding hystericalYour face is red
And you reasoning dead
You sound nonsensical
Something you got to hearLet me make myself clear
Your not the first to get physical
Take your pill
And you might feel a chillWell I can take care of everthing
And I can pick for you
The songs that you sing
And the sights that you seeNow don't mind me
I'm carefree
And I will always keep the upper hand
And I can change your angry young manTo a fashion show
With brand name clothes
I'm carefree
Well I can take care of everthingAnd I can pick for you
The songs that you sing
And the sights that you see
Now don't mind meI'm carefree
And I will always keep the upper hand
And I can change your angry young man
To a fashion showWith brand name clothes
I'm carefree
